

TOURING INFORMATION & TECHNICAL SPECIFICATION

WHITE TEA

Fire Exit Limited / David Leddy

For any queries, please contact: admin@davidleddy.com.

Venue: *White Tea* takes place inside a specially designed frame which gives the appearance of being a huge paper box. Lighting, sound and projection equipment are all integral to the frame and thus the piece can be set-up in practically any space.

Capacity: There are two ways of presenting the piece:

1. Closed frame: The audience sit within the frame, in a special cocoon of paper. Capacity 25.
2. Open frame: One side of the frame is open to create a proscenium. Some audience sit within the frame. the rest of the audience sit outside on the venue's seating bank. Capacity variable depending on venue, approx 75.

Staff on the road: 2 actors, 2 technicians, Luton van. Get-in and play on the same day.

Tech spec: All lighting, sound, projection equipment provided by Fire Exit / David Leddy.
